CABARET

with Kali Zahira

Performed in restaurants and nightclubs Cabaret performances typically feature comedy, song, dance, theatre and circus to great effect—from the pussy cat dolls to Dita von Tease, from musicals to comedy skits. In this class you are in for a bit of everything; combining the attitude of hip hop, the sex appeal of burlesque, the oh lala of circus and the head bobbing of the big musical numbers, if you like funky choreographies and crowd pleasing moves, shaking your booty and laughing at yourself then this class is for you.
